

# bold pro

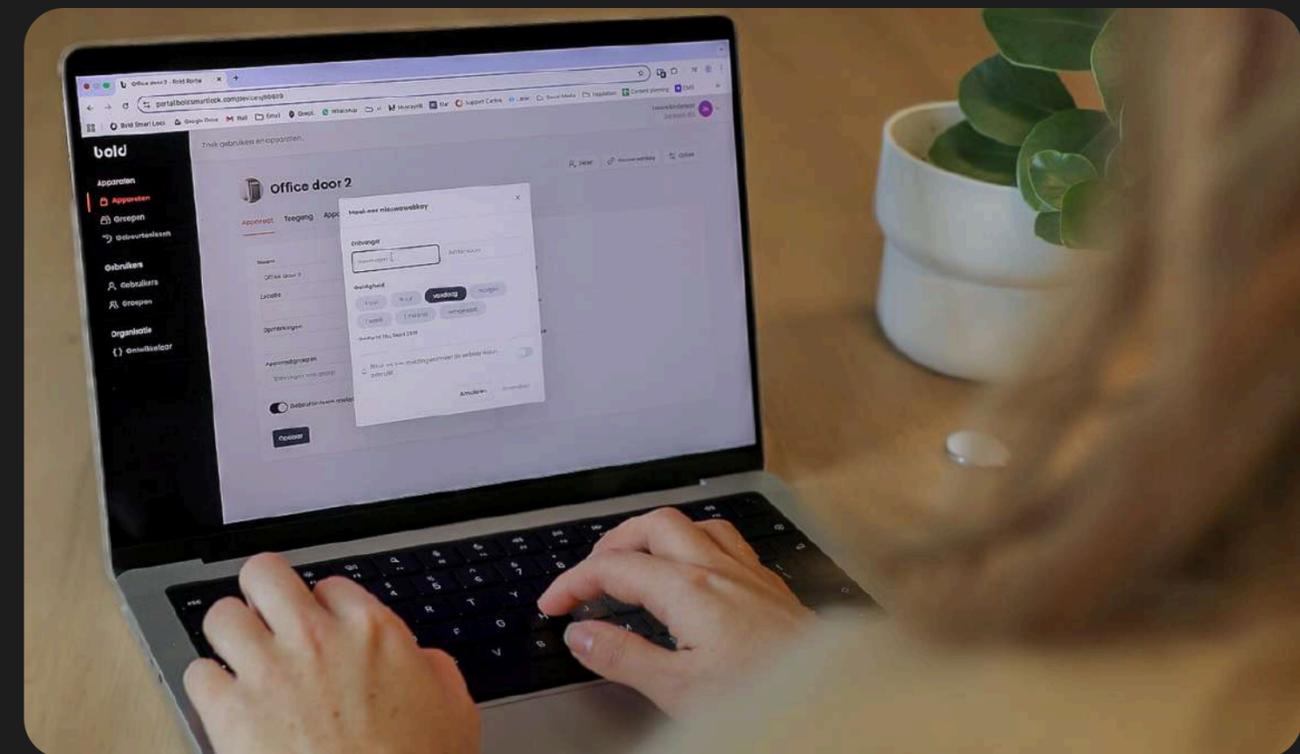

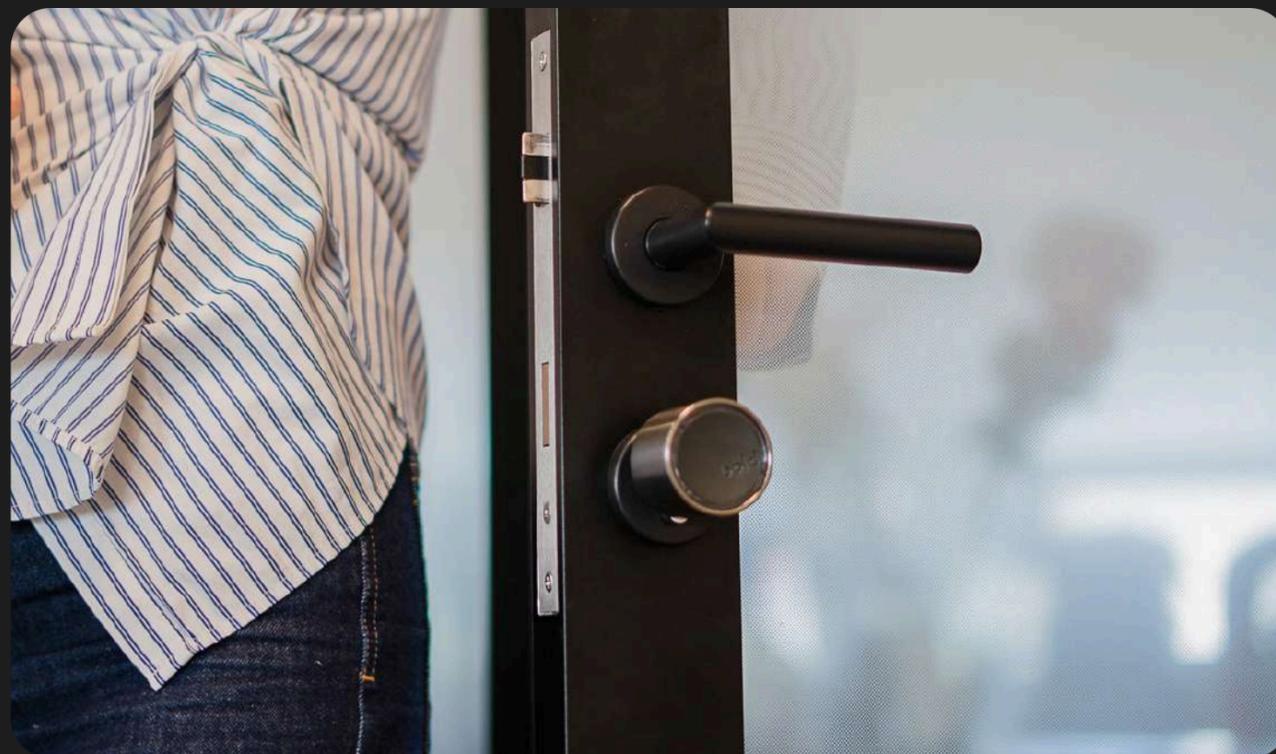

Smart lock built for businesses

# What is Bold Pro?

Bold Pro is a smart lock solution designed specifically for business use. It combines secure hardware with powerful software, giving you full control over who can access your spaces and when.

Bold Pro brings everything together in one solution:

- Smart lock
- Centralised access management
- Business-ready features built for scale

# What is Bold Pro?

**01**

## Durable and solid steel

The lock is made from high-quality stainless steel, giving it a robust and lasting build.

**02**

## 8-year battery life

Up to 8 years of battery life with Battery saver – designed for reliable, low-maintenance operation.

**03**

## 5-minute installation

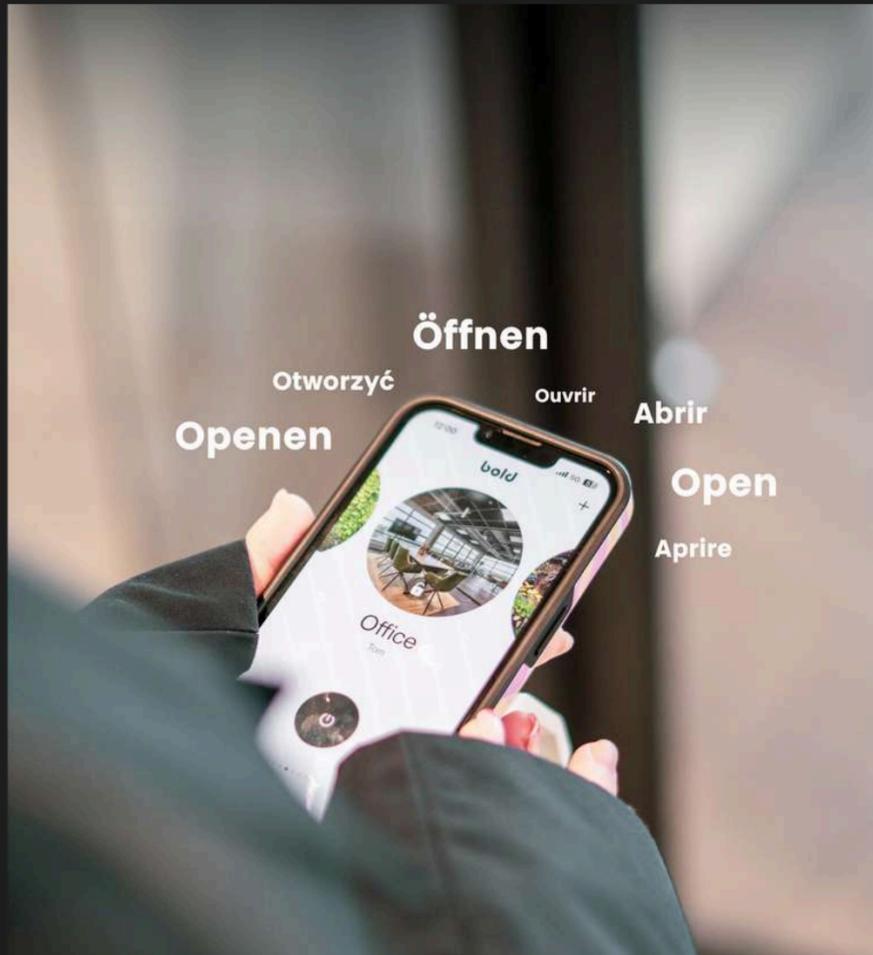

Our customers install Bold in under 5 minutes with only a screwdriver. An effortless start for business of any size.

**04**

## Silent in use

Bold operates quietly with a silent, non-motorised knob. Ideal for a professional environment.

# Key features of Bold Pro

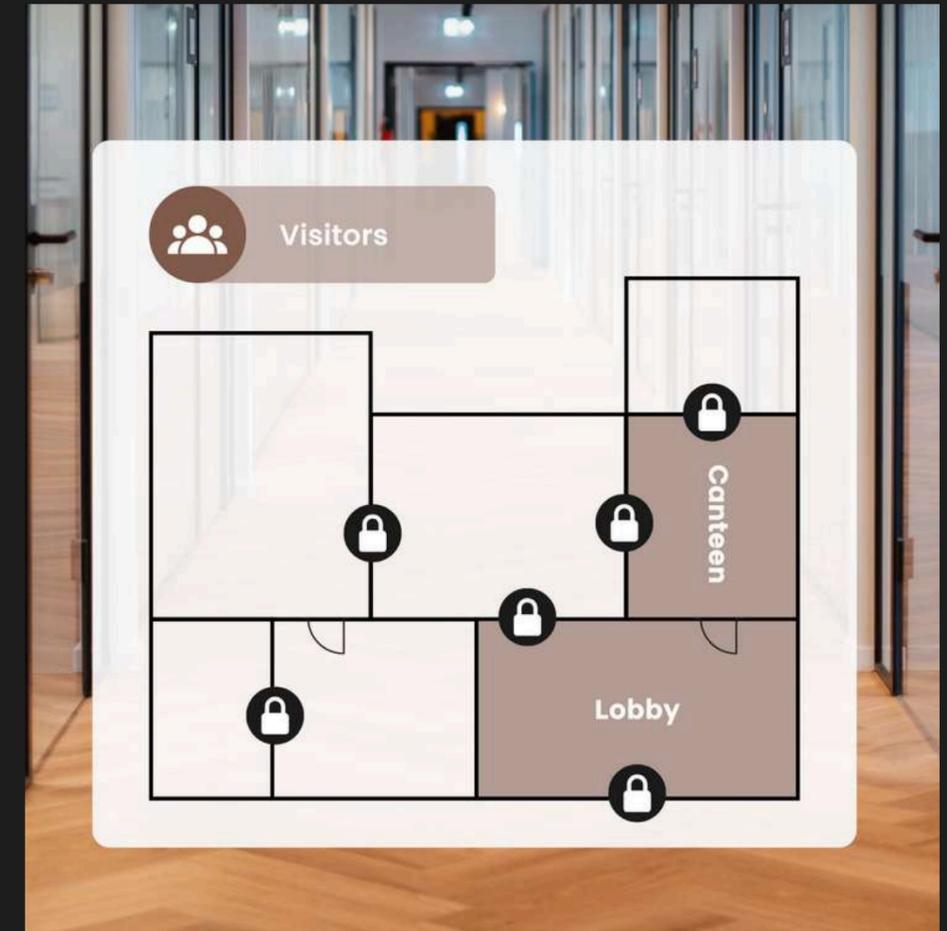

## Unlock doors with a modern app

Bold App is simple and intuitive, available in 8+ languages to match everyone's needs.

## Easily create different roles

Create groups to control access to spaces and set permissions for each group.

## Manage locks for each space

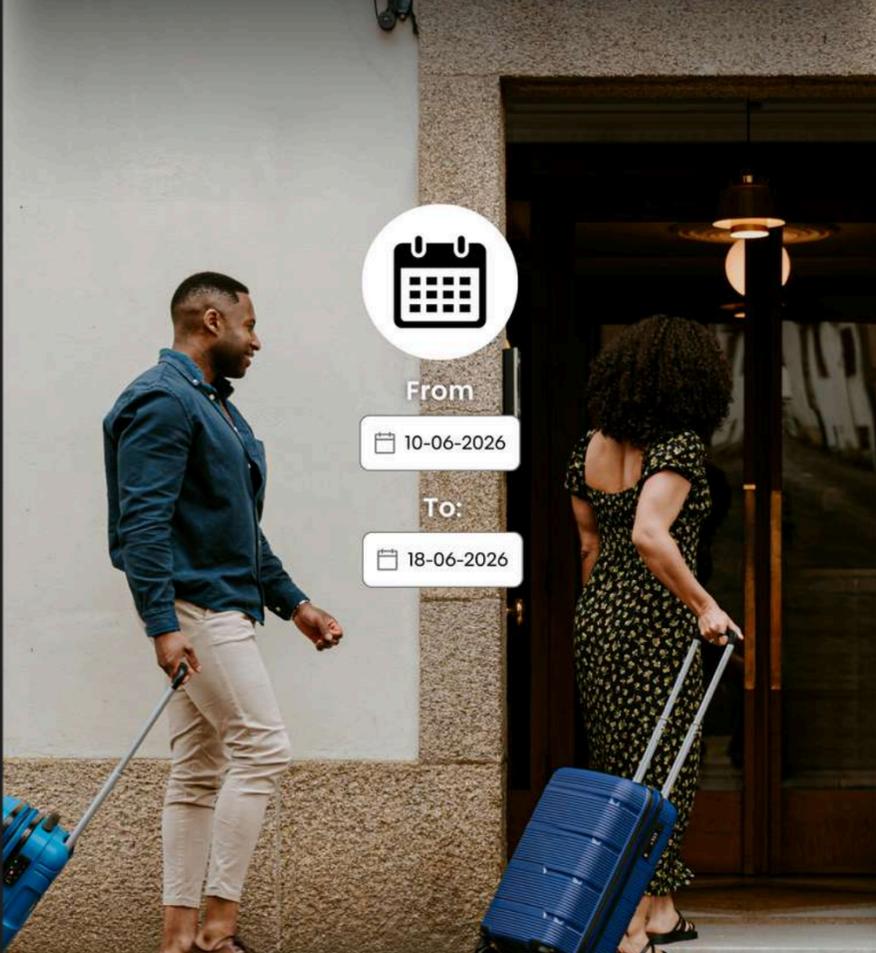

Organise devices the way you work - by floor, department, or location.

# Key features of Bold Pro

## Schedule access for staff shifts

Use scheduled access to decide when staff can enter - daily, weekly, or custom.

## Plan access ahead

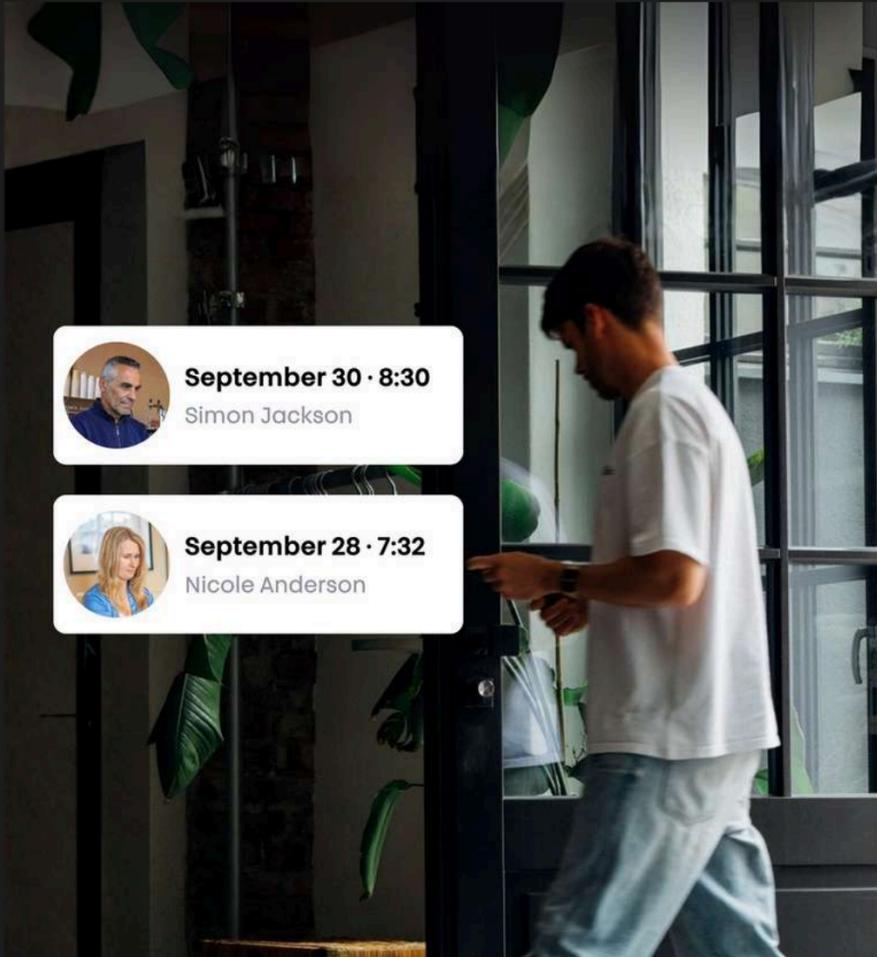

Set start and end times in advance - perfect for guests or vacation stays.

## Many ways to unlock your door

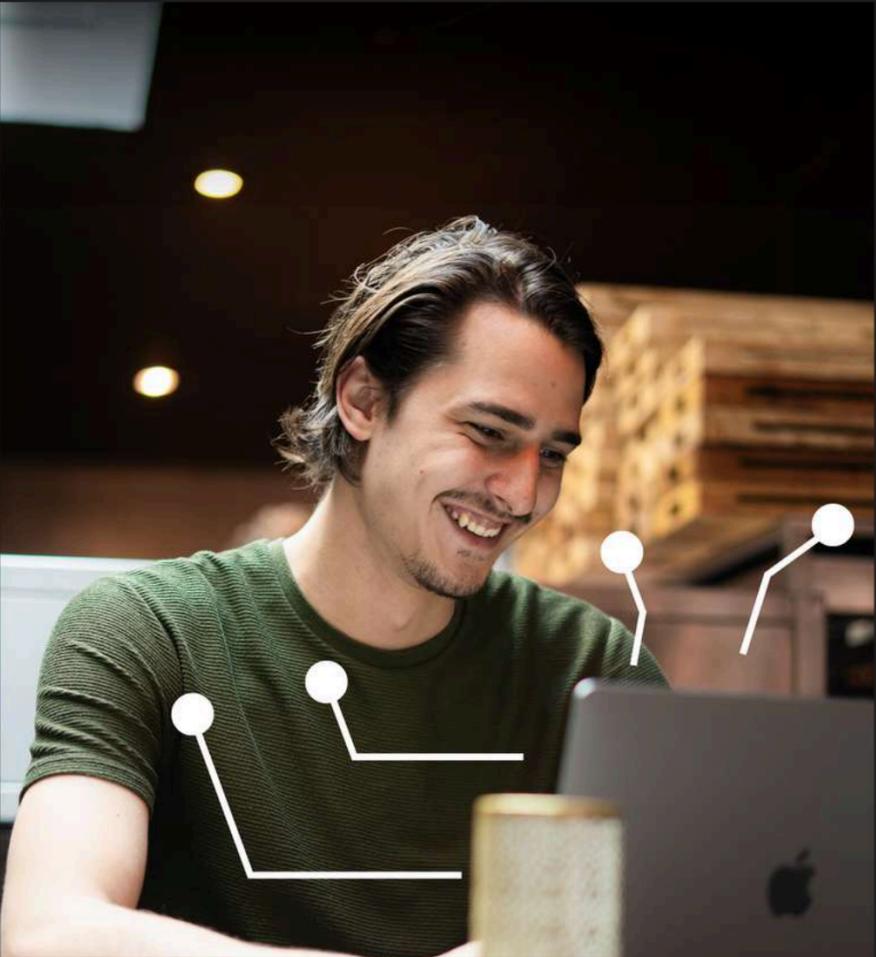

Give users the flexibility to unlock their way: Bold app, Bold Clicker or a smart watch.

# Key features of Bold Pro

## Always know who enters and when

Stay updated with a clear access log that always shows who entered where and when.

## Use existing or create your own integrations

Connect Bold with Entra ID, Booking Expert, Matter, etc. and build your own integrations.

## Enter with the phone in your pocket

Approach the door and the lock is ready - just turn the knob to step inside, no keys needed.

# Bold Pro pricing structure

## Price

€239 excl. VAT

## Subscription

Bold Pro includes a subscription that scales with the number of locks you use. This gives you access to all business features, including the web portal, user and device groups, scheduling, and integrations.

0-5 locks → €19.00/month

6-10 locks → €4 per lock

11-20 locks → €3.5 per lock

20-30 locks → €3 per lock

30+ locks → €2.5 per lock

Prices exclude VAT.

All Bold Pro locks are managed under one central subscription, keeping billing and administration simple.

## Trial period

Your first Bold Pro purchase includes a 60-day trial of the subscription. This allows you to explore all business features before fully committing.

# Unlock even more Pro features with Bold Connect

## About Bold Connect

Bold Connect is a small, plug-and-play device that connects your Bold Pro to the internet. It works seamlessly in the background and requires no complex installation.

## What it adds to your setup

- Lock and unlock doors remotely without being on site
- Always know whether a door is locked
- Receive real-time notifications about any suspicious activity the lock detects

This makes Bold Pro ideal for businesses that need immediate insights and fast response times.

# Getting started with Bold Pro

## 1 Measure your door

Bold Pro fits most europrofile doors - follow [the step-by-step guide](#) to find out the size of your door.

## 2 Place your order

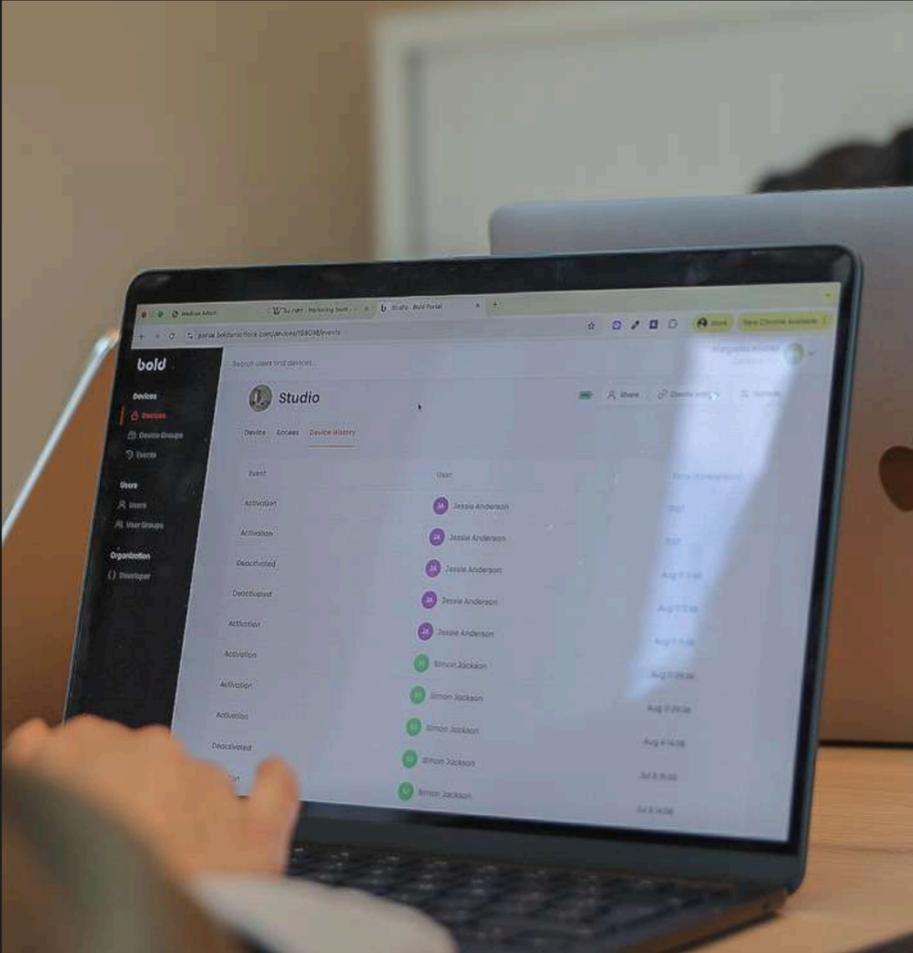

Order via our webshop or contact our sales team for a custom solution for your business setup.

## 3 Install Bold Pro locks

Simple installation using just a screwdriver - ready in just five minutes per door.

# Getting started with Bold Pro

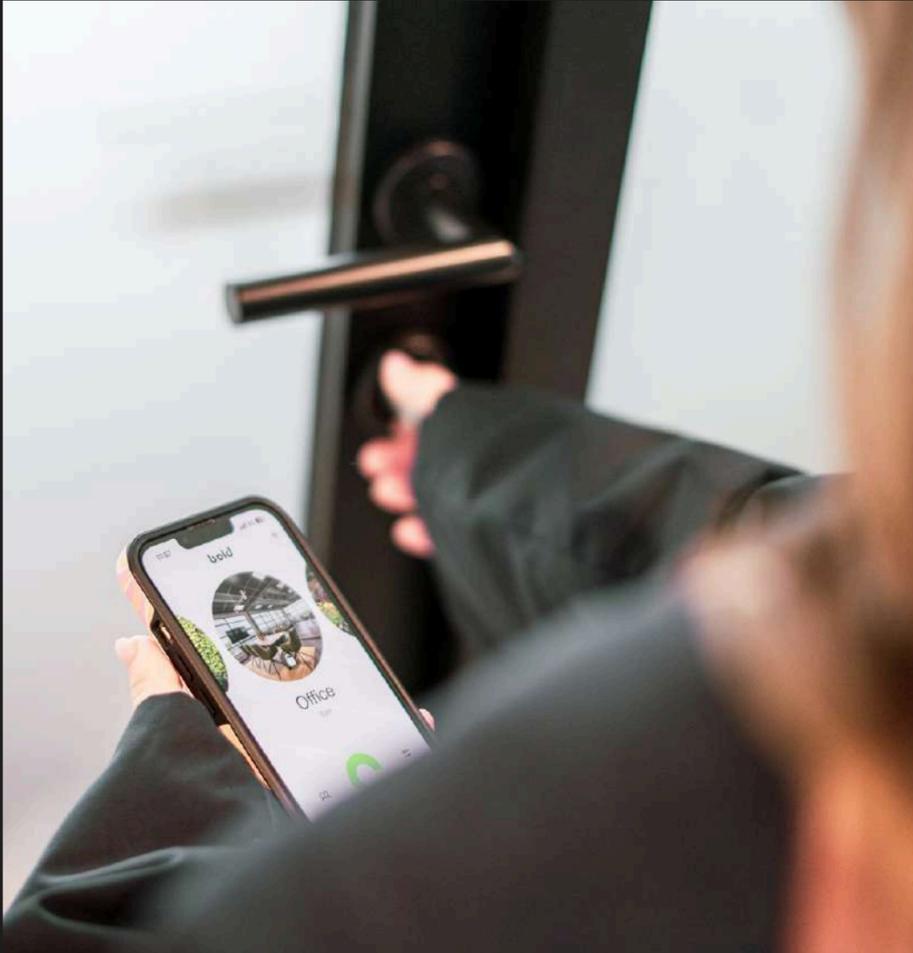

## 4 Add locks to the web portal

Activate your locks and manage users, access rights, and schedule access from one central place.

## 5 Invite the users

Add the people who need access and define which doors they can open and when.

## 6 Start smart access

Your Bold Pro setup is complete and ready to use across your locations.

# Frequently asked questions

## **Does Bold Pro require a subscription?**

Yes. Bold Pro includes a subscription that gives you access to business features. It can be canceled at any time, so you remain flexible if your needs change.

## **Do I need separate subscriptions for each Bold Pro?**

No. Whether you manage 2 locks or 20, everything is included under a single subscription. Your payment scales with the number of Bold Pros you use, so you avoid duplicate costs and keep administration simple.

## **Can multiple people manage access with Bold Pro?**

Yes. Bold Pro allows multiple authorised users to manage access through the portal, each from their own device and account. This means control never depends on a single person. If an employee leaves the company, other authorised managers keep full access, ensuring continuity and preventing loss of control over your doors.

## **Do I need wiring or any modifications to the door to install Bold Pro?**

No wiring or modifications are required. Bold Pro is designed to be installed within minutes, making it simple and quick to start using.

## **What happens if I cancel my subscription?**

If the subscription is canceled, Bold Pro will still act as a basic smart lock. However, you will no longer have access to all the advanced features.
